Re: STP - 3213 (1), STP - 3213 (3) June 12, 2001

Gentlemen:

As members of the Board of Directors of High Point North Condominium Association, we had representatives attend the Location and Design Public Hearing on June 11, 2001 at Springdale Elementary School, Macon, Ga. We have reviewed the design proposal for "the Preferred alterations" and strongly disagree with the plan.

We can find no logical reason to widen Forest Hill Road to a 100 ft. right of way to include a 15 ft. median with grass, shrubs and trees. While we do not deny that a wider, straighter road will be an improvement, the concept as presented is best described as total overkill. Building a median in which to plant trees will make it neccessary to destroy many beautiful older trees to clear the oversized right of way required by the plan.

Our most direct impact is the Wimbish Road construction. We have several objections to this plan:

- 1) The relocation of Northminster Drive into Wimbish Road will require a vast amount of landfill into an area of natural woods. This will severely impact the natural beauty of this area and create a noisier roadway due to the destruction of sound absorbing growth.
- 2) While the proposed new 90 degree intersection of Wimbish and Forest Hill will slightly lessen traffic flow, the straighter pathway will doubtless increase speed, making entrance and exit into and from High Point North Road more difficult and more dangerous. Further problems will be created by

bringing the Northminster Drive entrance so much closer to the High Point North Road entrance.

If, in spite of the many objections voiced by the residents who live in the affected area, you still must continue with the program, we would like to suggest the straightening of Wimbish Road northward to its intersection with Old Lundy Road. This would provide a clearer view of the oncoming traffic when exiting High Point North Road and a greater visibility to traffic approaching toward Forest Hill Road.

It is the opinion of this Board that the 45 residents of High Point North Condominiums will be much better served by a scaled down version of the present plan.

We appreciate your consideration and look forward to your response.

Sincerely,

Walter C. Watson, Chairman

High Point North Board of Directors

Forest Hill Road Project June 11, 2001

Harvey D. Keepler State Environmental / Location Supervision GA DOT 3993 Aviation Circle Atlanta, GA 30336 183

We have concerns about the proposed Forest Hill widening project; it is a waste of money and an intrusion into our neighborhood. We prefer it to remain a neighborhood road. Northside Drive and Zebulon RD both had commercial development BEFORE the roads were widened. Other than at the intersection with Northside DR, there is no commercial development on Forest Hill RD. But, there are numerous residential roads that intersect with Forest Hill RD. This is not the case with either Northside DR, or Zebulon RD. Making this road a thoroughfare to speed traffic to the Mall and downtown will treaten the safety of all the citizens who live in this residential area.

We have been residents here for nearly 30 years. The traffic has increased, but not that much. Part of the problem is that parents drive children to school instead of letting them walk. We do feel that a turn lane at Newport Road is necessary to facilitate school traffic flow. Lanes do not need to be made 13 feet wide; if less than 11 feet is good enough for interstates, it's good enough for our neighborhood.

There also need to be turn lanes at Forest Hill / Old Lundy fork and Forest Hill at Wimbish RD. (some have already made one there) The road going into the Northside Hospital needs to be made ONE WAY. If I remember the reason a road was put there was because in an emergency our neighborhood needed quick access to the hospital. No one should be allowed to enter Forest Hill Road from that road, especially when a left turn is such a hazard. Then the intersection of Forest Hill and Ridge needs to be redone with directional signals and turn lanes. Log Cabin going into Napier used to back up for blocks, but a simple turn lane and left turn signal light certainly solved that problem.

Our city has other pressing needs for our funds. Making a super highway out of a neighborhood road is not one of them. This is a residential road; if people want to go to the Mall, Riverside Dr.,Interstate 75 and Forsyth RD. will take them there quickly. We do not want nor need the speeding, reckless driving that is such a problem on both the superhighways known as Northside Dr. and Zebulon RD.

Why does Macon / Bibb County need all of these new massive roads? The rest of Northside will be 5 lanes and Log Cabin that has been changed once will be redone again to make it 5 lanes. This gives one the impression that Macon's growth is such that these improvements are necessary. Macon IS NOT GROWING and hasn't in many years.

We feel that the design for this project needs to be rethought. This project is a waste of our tax dollars and an intrusion on our freedom to live in a residential neighborhood.

Sincerely.

Vivian P. and James S. Whelan

Forest Hill Road Project June 11, 2001

To Whom It May Concern:

We have concerns about the proposed Forest Hill widening project; it is a waste of money and an intrusion into our neighborhood. We prefer it to remain a neighborhood road. Northside Drive and Zebulon RD both had commercial development **BEFORE** the roads were widened. Other than at the intersection with Northside DR. there is no commercial development on Forest Hill RD.

Some changes do need to be made to make the **EXISTING** traffic flow more smoothly. We do feel that a turn lane at Newport Road is necessary to facilitate school traffic flow. Lanes do not need to be made 13 feet wide; if less than 11 feet is good enough for interstates, it's good enough for our neighborhood. There also need to be turn lanes at Forest Hill / Old Lundy fork and Forest Hill at Wimbish RD. (some have already made one there) The road going into the Northside Hospital needs to be made **ONE WAY**. If I remember the reason a road was put there was because in an emergency our neighborhood needed quick access to the hospital. No one should be allowed to enter Forest Hill Road from that road, especially when a left turn is such a hazard. Then the intersection of Forest Hill and Ridge needs to be redone with directional signals and turn lanes. Log Cabin going into Napier used to back up for blocks, but a simple turn lane and left turn signal light certainly solved that problem.

Our city has other pressing needs for our funds. Making a super highway out of a neighborhood road is not one of them. This is a residential road; if people want to go to the Mall, Riverside Dr.,Interstate 75 and Forsyth RD. will take them there quickly. We do not want nor need the speeding, reckless driving that is such a problem on both the superhighways known as Northside Dr. and Zebulon RD.

We feel that the design for this project needs to be rethought.

Sincerely,
