Do you support the project? I don't think it is needed here as much  
as it's needed elsewhere.

Comments The retaining wall that is planned for  
Afton Court needs to be aesthetically pleasing.  
We do not want to see a concrete wall as the  
entrance to our road. A brick cover / facade  
should be used.

A light at Lockchapee will be good.

will use the side -  
s, I'm sure.  
As far as the rest of  
rd. to Northside, I  
see 3 lanes and may-  
side walks. There are  
7 turn offs in  
this section.

Please reconsider your  
ans - don't turn our  
rea into a racetrack.

Our area used to be a  
rest - it's beautiful -  
not ruin it.

Sincerely, Patsy Fried

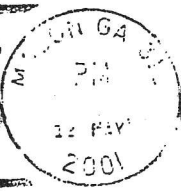

Near Mr. Wrethkamp,  
I live at 455 Forest  
Hill Rd - 1 mile down  
from Vineville (or Forsyth)  
and 1/2 mile down from  
Wentworth.

There are only 3 streets  
off of this section (one is  
a dead end) and 1 apt.  
complex.

I see no need for a  
3rd lane here, or side-  
walks and curbs. No

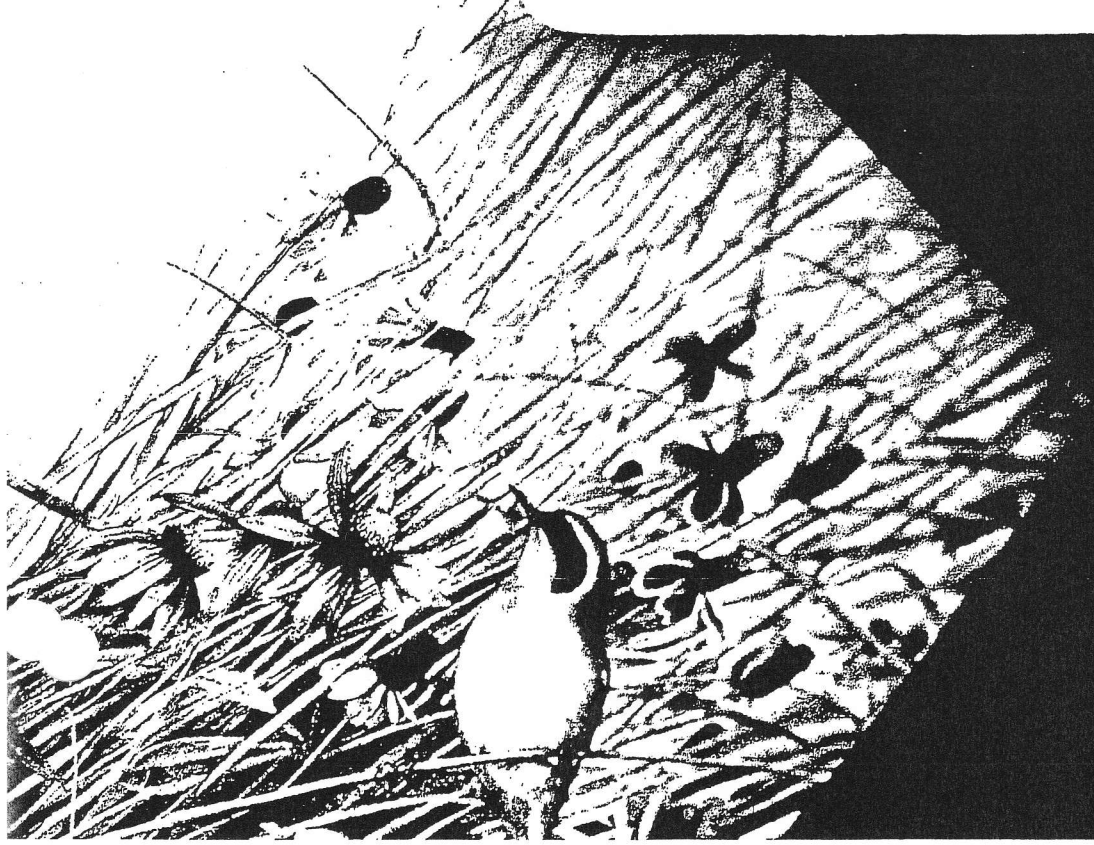

Ms. Patricia Fried

I believe that widening this road will make a bad situation worse. The traffic is already bad. When you widen this road it will be traveled by more people. This is a rural residential street. There are improvements that need to be made but I believe there should be better alternatives.

Comments "the project" seems to be overkill w/ 4 lanes from Vineville to Wimberly on F. Hill - improvements w/ an extra lane to be used in direction that high volume of traffic @ certain times of day needs is one thing (like on Vineville Ave w/ red + green arrows). Why give an open invitation to increase traffic horribly through these old, established neighborhoods heavily populated w/ children + senior citizens knowing that the straighter, wider roads w/ a wide median for safety and sidewalks (5ft!) will increase speed + noise + pollution to a very unsafe level for your longstanding, tax pay citizens of macon?! NO It's wrong to

Comments

I have had very little trouble with heavy traffic or back-ups on Forest Hill Rd. This is one of the loveliest residential areas of Macon. I have ~~not~~ seen no evidence of traffic problems that would warrant ruining the appearance and quality of life of this community by this major upheaval.

Comments I favor the No-Build Alternative. The proposed plan would greatly increase traffic. People tend to drive faster on wider straightaways. Curves slow down traffic.  
The proposed plan will greatly change the whole neighborhood. Forest Hill Road should be a residential collector - not a main traffic artery. Our lovely mature residential neighborhood should not be sacrificed to turn Forest Hill Drive into a raceway. Through traffic should be encouraged to use Riverside Drive to Northside Drive.

69

MAY 23, 2001

TO: LARRY R. DREIHAUP, P.E., DIVISION ADMINISTRATOR FEDERAL HIGHWAY ADMINISTRATION  
SUBJECT: FOREST HILL ROAD IMPROVEMENT, MACON GEORGIA

Dear Mr. Dreihaupt:

As a resident of the Forest Hill road neighborhood in Macon, I ask for your help to save our neighborhood. The proposed "IMPROVEMENT" plan will adversely effect all who live in the area. Our lovely mature residential neighborhood should not be sacrificed for more suburban sprawl.

There are many alternatives to the present plan. Through traffic should be encouraged to use Northside Drive to Riverside Drive. ( A new 1-75 interchange at Northside/Riverside would greatly relieve congestion on Tom Hill Sr. )

Forest Hill Road should be a residential collector - not a main traffic artery.

Has there been any environmental study of the area effected by the proposed "ROAD IMPROVEMENT"?

Comments

Improvements are necessary but not by these designs. Neighborhoods don't need speedways. Safety should be a concern - not how many people you can rush to the mall. I suggest a more neighborhood friendly design. In the past DOT projected to future 2010 with overcrowding dreams (Bylences taken this year) they missed it. Hope DOT can find ways of improving streets already provided us with all this money.
